

# Dog Harness Fact Sheet

## FEATURES

### Size Adjusters

Four adjusters enable the harness to be adjusted at the neck, chest and under-body to ensure the perfect fit.

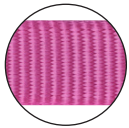

### Signature Bucklebone

Our Bucklebone clips are engineered to be amongst the strongest side release buckles used in the pet industry. We use only imported virgin acetal to ensure strength.

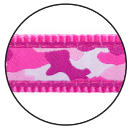

### Stainless Steel Hardware

D-ring and O-ring made from stainless steel will not rust. Welded for strength.

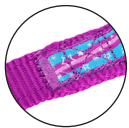

### Webbing

Premium nylon webbing, woven from quality fine yarn for a softer feel. Densely woven edges for maximum abrasion resistance. Exceeds ISO standards 105-C03 & 105-B05 for washing and UV colour fastness.

### Design Ribbon

Special weaving techniques, including 'back binding' prevents loose threads and produces a durable, abrasion resistant ribbon. To enhance lustre and brightness of colours, only full light yarn is used.

### Splice Cuts

Webbing ends are finished with a 20° angle cut for a superior looking and comfortable product.

### Reflective Ribbon

Designed to ensure pets are visible in bad weather and at night, ribbon shines brightly in car headlights.

### Available in:

Multiple Designs

Classic Colours

Reflective Designs

## PACKAGING

Each product is attached to a cardboard hangsell with item specific barcode.

## CARE INSTRUCTIONS

- Warm Machine Wash
- Do Not Tumble Dry
- Do Not Bleach
- Do Not Iron
